

COOPI PRESENCE IN THE COUNTRY

COOPI has been present in Niger since 2012, initially operating in Nutrition and Food Security, particularly in the Tillabéry region. Since 2015, it has also been active in Diffa in Education, progressively expanding its interventions to Protection, Mental Health and psychosocial support, in response to the displacement of people affected by Non-State Armed Groups attacks from 2021 and local needs. Between 2017 and 2019, COOPI started a project in Food Security in the Dosso region, supporting farmers. Since 2023, it has been providing assistance in food, protection, NFI and shelter to migrants and refugees expelled from North Africa. Since 2018, it has participated in the Emergency Transit Mechanism project for asylum seekers evacuated from Libya. Since 2019, COOPI has implemented MRR interventions in Health, Nutrition and Mental Health to support displaced persons affected by Non-State Armed Groups attacks. Finally, the commitment to formal and non-formal education in Diffa, Tillabéry and Tahoua continues, including in contexts marked by instability and insecurity.

FROM 2012 TO 2024:

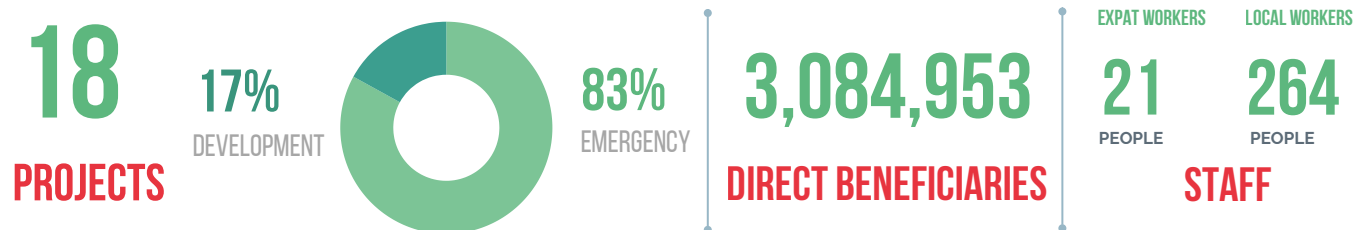

SECTORS IN WHICH COOPI WORKS IN THE COUNTRY

COOPI IN NIGER TODAY

Today, Niger faces several complex humanitarian crises. In this context, COOPI collaborates with institutional partners to develop integrated multi-sectoral programmes aiming to improve access to **basic services**, strengthen the **resilience** of populations and mitigate the impact of **climate crises** in different parts of the country. In the Diffa region, COOPI is primarily implementing **Protection, WASH, Health/Nutrition, Education in Emergency, Psychosocial support and mental health-related projects**. In the northwest of the country - Tillabéri and Tahoua regions - COOPI adopts Rapid Response Mechanisms (RRM) to intervene in the **nutrition** and **health sectors**. In the Maradi area, COOPI deals with **mental health** and offers **psychosocial support**, promotes **primary health** and implements programmes to fight against **malnutrition**. In the Agadez region, COOPI actively intervenes in the areas of migration, mental health, and psychosocial support, while promoting small businesses.

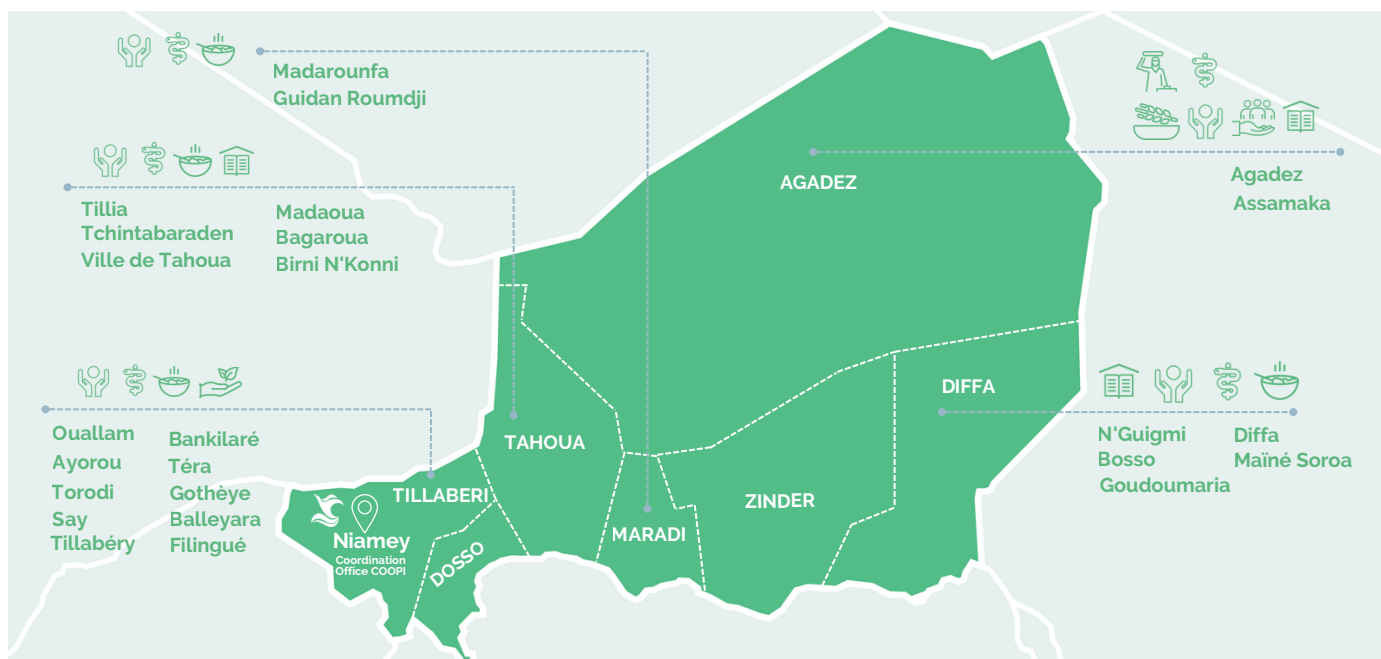

In all areas, COOPI also implements **disaster risk reduction** programmes.

COOPI DEVELOPMENT LINES IN NIGER

COOPI main areas of intervention in Niger in the near future will be:

- **Protection**, with a focus on child protection and gender-based violence;
- **Education in Emergency**, with the aim of ensuring inclusive access to safe and secure learning places, improving the quality of education and strengthening the capacity of school structures to prevent and manage emergency situations and natural disaster risks. Rapid Response Mechanism applied to Education in Emergency (RRM EiE) will also be reinforced;
- **Health**, with a focus on strengthening the operational capacities of health facilities at district level, ensuring a response to the majority of emergency situations in the areas of Tillabéry, Tahoua, Diffa and Niamey, while improving availability and accessibility of reproductive health care;
- **Mental health**, by applying the expertise gained over the years;
- **Nutrition**, by promoting the prevention of acute and severe acute malnutrition and ensuring the early detection and care of children between 0 and 5 years and pregnant women.
- **Promotion of small businesses run by young people and women.**
